## Mean Field Social Optimization: A Direct Approach

講師: **Bing-Chang Wang**

Professor, School of Control Science and Engineering,  
Shandong University, China

日付: 2021年09月22日 PM 1:30 - 3:00 (Tokyo time)

場所: ZOOM ONLINE ID 952 313 1903

Bing-Chang Wang received the Ph.D. degree in System Theory from Academy of Mathematics and Systems Science, Chinese Academy of Sciences, Beijing, China, in 2011. From September 2011 to August 2012, he was with Department of Electrical and Computer Engineering, University of Alberta, Canada, as a Postdoctoral Fellow. From September 2012 to September 2013, he was with School of Electrical Engineering and Computer Science, University of Newcastle, Australia, as a Research Academic. From October 2013, he has been with School of Control Science and Engineering, Shandong University, China, as an associate Professor. He held visiting appointments as a Research Associate with Carleton University, Canada, from November 2014 to May 2015. His current research interests include mean field games, stochastic control, and event-based control.
